Cubic feet of building; 14,001 + 1,000 c.f. or fraction thereof or volumes over 14,000 c.f.	\$50.00 + \$.50/each additional

**Demolition & Moving deposit - \$700.00** required if the dwelling has a basement. Water has to be turned off and disconnected, the sewer plugged and cemented. (*Moving permit deposit needed if there is a foundation*)

Length x width x height = cubit feet

If rebuilding within six months, copper water service can be shut off at the curb stop. All other kinds of water pipes must be shut off at the main and need a street opening permit.

If not rebuilding, water has to be shut off at the main and requires a street opening permit.
